School Admissions and Student Transfers To and From Non-District Schools

Age

A child with exceptional needs who qualifies for special education services is eligible for admission at 3 years of age. Early entrance to kindergarten or first grade may also be available through Board policy 6:135 *Accelerated Placement Program*.

To be eligible for admission, a child must be 5 years old on or before September 1 of that school term. A child entering first grade must be 6 years of age on or before September 1 of that school term.

For the 2025-2026 school year and moving forward, any child enrolling in the District who is five years old on or before September 1 of that school year will be enrolled in kindergarten, and any child enrolling in the District who is six years old on or before September 1 of that school year will be enrolled in first grade. Delayed enrollment (i.e., enrolling a student who is six years old by September 1 in kindergarten) will not be permitted unless exceptional circumstances warrant it, as outlined below.

In limited and exceptional circumstances, the District may consider exceptions to the age of enrollment, for example, if prolonged illness or other individual circumstances prevent the child from attending kindergarten for significant portions of the school year. Parents or guardians may request that their child attend the District's kindergarten program, even though the child would otherwise be required to attend first grade based on the child's age and when doing so shall submit a written request to the Superintendent or designee seeking placement in kindergarten, no later than May 1 prior to the start of the school year in which the parent is seeking placement in the District's kindergarten program. Any information or documentation supporting the request for placement in kindergarten shall be submitted along with the written request. The Superintendent or designee will make the final decision concerning appropriate grade level for the child.

The District acknowledges the following exemptions:

1. Based upon an assessment of a child's readiness to attend school, the District may permit him or her to attend school prior to these dates. To be eligible for consideration for Early Entrance, a student must be turning 5 years old (for kindergarten) or 6 years old (for Grade 1) after Sept. 1 and no later than Dec. 1.
2. A child will also be allowed to attend first grade if he or she has successfully completed a public school kindergarten program in the United States and will be six years old on or before December 31st.
3. If a child has enrolled in a public school district in the United States through an Early Admittance Procedure the child will be enrolled in his or her current grade level provided that he or she is no more than four months younger than the required age for that grade level.
4. If a child has attended or is enrolled in a public or private school program outside of the United States with an appropriately licensed teacher and is no more than four months younger than the required age for that grade level he or she will be enrolled in his or her current grade level. Additional diagnostic information may be considered when determining placement.

Admission Procedure

All students must register for school each year on the dates and at the place designated by the Superintendent. Parents/guardians of students enrolling in the District for the first time must present:

1. A certified copy of the student's birth certificate. If a birth certificate is not presented, the Superintendent or designee shall notify in writing the person enrolling the student that within 30 days he or she must provide a certified copy of the student's birth certificate. A student will be enrolled without a birth certificate. When a certified copy of the birth certificate is presented, the school shall promptly make a copy for its records, place the copy in the student's permanent record, and return the certified copy to the person enrolling the child. If a person enrolling a student fails to provide a certified copy of the student's birth certificate, the Superintendent or designee shall immediately notify the local law enforcement agency, and shall also notify the person enrolling the student in writing that, unless he or she complies within 10 days, the case will be referred to the local law enforcement authority for investigation. If compliance is not obtained within that 10-day period, the Superintendent or designee shall so refer the case. The Superintendent or designee shall immediately report to the local law enforcement authority any material received pursuant to this paragraph that appears inaccurate or suspicious in form or content.
2. Proof of residence, as required by Board policy 7:60, *Residence*.
3. Proof of disease immunization or detection and the required physical examination, as required by State law and Board policy 7:100, *Health, Eye, and Dental Examinations; Immunizations; and Exclusion of Students*.

The individual enrolling a student shall be given the opportunity to voluntarily state whether the student has a parent or guardian who is a member of a branch of the U.S. Armed Forces and who is either deployed to active duty or expects to be deployed to active duty during the school year. Students who are children of active duty military personnel transferring will be allowed to enter: (a) the same grade level in which they studied at the school from which they transferred, if the transfer occurs during the District's school year, or (b) the grade level following the last grade completed.

Homeless Children

Any homeless child shall be immediately admitted, even if the child or child's parent/guardian is unable to produce records normally required for enrollment. Board policy 6:140, *Education of Homeless Children*, governs the enrollment of homeless children.

Foster Care Students

The Superintendent will appoint at least one employee to act as a liaison to facilitate the enrollment and transfer of records of students in the legal custody of the Ill. Dept. of Children and Family Services (DCFS) when enrolling in or changing schools. The District's liaison ensures that DCFS' office of Education and Transition Services received all written notices and records pertaining to students in the legal custody of DCFS as required by State law.

Student Transfers To and From Non-District Schools

A student may transfer into or out of the District according to State law and procedures developed by the Superintendent or designee. A student seeking to transfer into the District must serve the entire term of any suspension or expulsion, imposed for any reason by any public or private school, in this or any other state, before being admitted into the School District.
