

General Personnel

Employee Ethics; Code of Professional Conduct; and Conflict of Interest

All District employees are expected to maintain high standards in their job performance, demonstrate integrity and honesty, be considerate and cooperative, and maintain professional and appropriate relationships with students, parents/guardians, staff members, and others.

The Superintendent or designee shall provide this policy to all District employees and students and/or parents/guardians in their respective handbooks, and ensure its posting on the District's website, if any.

Professional and Appropriate Conduct

Professional and appropriate employee conduct are important Board goals that impact the quality of a safe learning environment and the school community, increasing students' ability to learn and the District's ability to educate. To protect students from sexual misconduct by employees, and employees from the appearance of impropriety, State law also recognizes the importance for District employees to constantly maintain professional and appropriate relationships with students by following established expectations and guidelines for employee-student boundaries. Many breaches of employee-student boundaries do not rise to the level of criminal behavior but do pose a potential risk to student safety and impact the quality of a safe learning environment. Repeated violations of employee-student boundaries may indicate the grooming of a student for sexual abuse. As bystanders, employees may know of concerning behaviors that no one else is aware of, so their training on: (1) preventing, recognizing, reporting, and responding to child sexual abuse and grooming behavior; (2) this policy; and (3) federal and state reporting requirements is essential to maintaining the Board's goal of professional and appropriate conduct.

The Superintendent or designee shall identify employee conduct standards that define appropriate employee-student boundaries, provide training about them, and monitor the District's employees for violations of employee-student boundaries. The employee conduct standards will require that, at a minimum:

1. Employees who are governed by the *Code of Ethics for Illinois Educators*, adopted by the Ill. State Board of Education (ISBE), will comply with its incorporation by reference into this policy.
2. Employees are trained on educator ethics, child abuse, grooming behaviors, and employee-student boundary violations as required by law and policies 2:265, *Title IX Sexual Harassment Grievance Procedure*; 4:165, *Awareness and Prevention of Child Sexual Abuse and Grooming Behaviors*; 5:90, *Abused and Neglected Child Reporting*; and 5:100, *Staff Development Program*.
3. Employees maintain professional relationships with students, including maintaining employee-student boundaries based upon students' ages, grade levels, and developmental levels and following District-established guidelines for specific situations, including but not limited to:
 - a. Transporting a student;
 - b. Taking or possessing a photo or video of a student; and
 - c. Meeting with a student or contacting a student outside the employee's professional role.

4. Employees report prohibited behaviors and/or boundary violations pursuant to Board policies 2:260, *Uniform Grievance Procedure*; 2:265, *Title IX Sexual Harassment Grievance Procedure*; and 5:90, *Abused and Neglected Child Reporting*.
5. Discipline up to and including dismissal will occur for any employee who violates an employee conduct standard or engages in any of the following:
 - a. Violates expectations and guidelines for employee-student boundaries.
 - b. Sexually harasses a student.
 - c. Willfully or negligently fails to follow reporting requirements of the Abused and Neglected Child Reporting Act (325 ILCS 5/), Title IX of the Education Amendments of 1972 (20 U.S.C. §1681 et seq.), or the Elementary and Secondary Education Act (20 U.S.C. § 7926).
 - d. Engages in *grooming* as defined in 720 ILCS 5/11-25.
 - e. Engages in grooming behaviors. Prohibited grooming behaviors include, at a minimum, *sexual misconduct*. *Sexual misconduct* is any act, including but not limited to, any verbal, nonverbal, written, or electronic communication or physical activity, by an employee with direct contact with a student, that is directed toward or with a student to establish a romantic or sexual relationship with the student. Examples include, but are not limited to:
 - i. A sexual or romantic invitation.
 - ii. Dating or soliciting a date.
 - iii. Engaging in sexualized or romantic dialog.
 - iv. Making sexually suggestive comments that are directed toward or with a student.
 - v. Self-disclosure or physical exposure of a sexual, romantic, or erotic nature.
 - vi. A sexual, indecent, romantic, or erotic contact with the student.

The following employees must file a *Statement of Economic Interests* as required by the Ill. Governmental Ethics Act:

1. Superintendent;
2. Building Principal;
3. Head of any department;
4. Any employee who, as the District's agent, is responsible for negotiating one or more contracts, including collective bargaining agreement(s), in the amount of \$1,000 or greater;

Prohibited Interests; Conflicts of Interest; and Limitation of Authority

In accordance with 105 ILCS 5/22-5, “no school officer or teacher shall be interested in the sale, proceeds, or profits of any book, apparatus, or furniture used or to be used in any school with which such officer or teacher may be connected,” except when the employee is the author or developer of instructional materials listed with ISBE and adopted for use by the Board. An employee having an interest in instructional materials must file an annual statement with the Board Secretary.

For the purpose of acquiring profit or personal gain, no employee shall act as an agent of the District nor shall an employee act as an agent of any business in any transaction with the District. This includes participation in the selection, award, or administration of a contract supported by a federal award or State award governed by the Grant Accountability and Transparency Act (GATA) (30 ILCS 708/) when the employee has a real or apparent conflict of interest. A conflict of interest arises when an employee or any of the following individuals has a financial or other interest in or a tangible benefit from the entity selected for the contract:

1. A member of the employee’s immediate family;
2. An employee’s partner; or
3. An entity that employs or is about to employ the employee or one of the individuals listed in one or two above.

Employees shall neither solicit nor accept gratuities, favors, or anything of monetary value from contractors, potential contractors, or parties to agreements or subcontracts. Situations in which the interest is not substantial or the gift is an unsolicited item of nominal value must comply with State law and Board policy 2:105, *Ethics and Gift Ban*.

Outside Employment

Employees shall not engage in any other employment or in any private business during regular working hours or at such other times as are necessary to fulfill appropriate assigned duties.

Tutoring for Compensation

The Board of Education endeavors to avoid any conflict of interest or appearance of conflict of interest related to compensated tutoring.

An employee shall not provide or recommend compensated tutorial or other professional services for any student enrolled in any class for which such employee has any educational responsibility as defined by guidelines established by the administration.

If a parent should request compensated tutorial or similar assistance, the Administration is authorized to provide appropriate information pursuant to guidelines, which shall be established by the Administration.

No tutoring for which any employee receives a fee shall be conducted in a school building, and District-owned materials and resources shall not be used.

Coaching in Other School Districts

Members of the certified teaching faculty and non-certified Educational Support Personnel may accept coaching positions in other school districts as long as the acceptance of that assignment and the performance of the associated duties does not interfere with that employee’s ability to complete their assigned responsibilities in District 96.

Furthermore, evening commitments in District 96 shall take precedence over coaching responsibilities, assignments, games or practices in other school districts. The primary responsibility for the employee is to District 96 and afternoon, evening and/or weekend activities outside of the normal school day in

District 96 shall take precedence over afternoon, evening and/or weekend activities in other school districts.

Selection of Coaches in District 96

It is the Board's desire that qualified individuals be responsible for coaching District 96 athletic teams. Whenever possible, the primary assignment of those coaches shall be the school in which they teach. If there are no coaches available, Building Principals will seek candidates from other schools in District 96. If no candidates are available, Building Principals may seek coaches who have recently retired from District 96 or working in neighboring school districts. Finally, if no coaches are available, Building Principals may seek other qualified individuals to fill the role. Only after all of these options are exhausted is an activity cancelled.

The primary purpose of the interscholastic program is to encourage a high level of participation and a high level of sportsmanship. Secondary considerations include the competitive nature of sports. Building Principals are responsible to interview potential candidates to assure that any coach involved in District 96 activities is fully qualified and eligible and available to coach the team. Consideration should be given to the candidate's background, experience, interest, level of participation in similar activities, and availability.
