The administration has been directed to create a procedure for the 2022-23 school year. This procedure will not require Board approval yet if any Board members have questions or input, they should contact Mrs. Zarkowsky.

Administrative Reports

Superintendent's Update

Superintendent Schmidt updated the Board on the current status of the District. Since September 21, 2021, no new guidance has been released. Positivity rates continue a downward trend yet Lake County remains in the Substantial Transmission Zone. The District continues to apply mitigations with fidelity, minimizing disruption to students and staff. District decisions are consistent with all health department guidelines.

In District 96, 99% of the faculty and staff members are fully vaccinated. With little movement in vaccine rates across the state of Illinois, vaccination rates in Buffalo Grove are 71.9%, Long Grove 68.8% and Lake Zurich 66.79%. We anticipate the vaccine for 5 – 12 year olds could be available in November and the District is ready to go with vaccine clinics for those families who choose to have their children vaccinated. Once the Moderna booster vaccine is fully approved, hopefully in November, KCSD96 is ready to host booster clinics for employees who qualify (educators are on the list of qualified individuals).

The District dashboard, which is updated weekly, indicates we continue to be in the Substantial Transmission phase. KCSD96 active positive cases remain very low.

Mrs. Schmidt noted that School Exec Connect has completed all focus group sessions and tallied the survey data. Dr. Shimp and Dr. Yonke are prepared to present the Superintendent Profile to the Board this evening, and to bring a slate of candidates to the Board on November 16, 2021. Following interviews by the Board members, it is anticipated a new superintendent will be named on December 14, 2021.

Priority Items for Consideration and/or Action

Leadership Profile Presentation

Dr. Tim Shimp and Dr. Linda Yonke of School Exec Connect presented the leadership profile to the Board of Education. This profile is the epitome of the process, which included data from surveys collected from 553 individuals, and input from 220 individuals through in-person and virtual focus group sessions. Dr. Shimp and Dr. Yonke will base their candidate recommendations on this profile.

The guiding questions for the focus groups involved major strengths of the District, biggest challenges for the District, priorities for the District, and identification of skills and qualities necessary to lead the District.

Dr. Yonke felt the response was very strong. The majority of survey respondents reported being extremely proud of KCSD96. Strengths noted were the staff and leadership, preparation of students for high school, strong administrative team, and well managed finances. Challenges included recruitment and retention of faculty, staff and administration, changing demographics, supporting students while maintaining high academic achievement, and meeting family needs. Priorities identified were a strong transition plan, establishing trust, financial planning, maintaining strong relationships with local schools and government. Desired skills should include knowledge of Professional Learning Communities, experience in classrooms, buildings and administration, ability to work with teams, motivation, trustworthiness and transparency, and communication.

The presentation will be posted on the District website along with the Superintendent Profile.
