23-24 Grade 1 Science Pacing Guide

4.0 Target	3.0 Target	T1	T2	T3
Earth Science				
Students have multiple ways to demonstrate extension. For more information or to see a scoring rubric, contact your child's teacher.	Use observations of the sun, moon, and stars to describe patterns that can be predicted.		X	
Physical Science				
Students have multiple ways to demonstrate extension. For more information or to see a scoring rubric, contact your child's teacher.	Use materials to design a solution to a human problem by mimicking how plants and/or animals use their external parts to help them survive, grow, and meet their needs.			X
Students have multiple ways to demonstrate extension. For more information or to see a scoring rubric, contact your child's teacher.	Read texts and use media to determine patterns in behavior of parents and offspring that help offspring survive.			X
Life Science				
Students have multiple ways to demonstrate extension. For more information or to see a scoring rubric, contact your child's teacher.	Plan and conduct investigations to provide evidence that vibrating materials can make sound and that sound can make materials vibrate.	X		
Students have multiple ways to demonstrate extension. For more information or to see a scoring rubric, contact your child's teacher.	Plan and conduct investigations to determine the effect of placing objects made with different materials in the path of a beam of light.	X
