

REPEAT *Dual Language Opportunity for 22-23 Kindergarteners*

Do you have an entering kindergartener or know a D96 resident that does? Are you interested in your child having a bilingual school experience?

See the District website to learn more (<https://www.kcsd96.org/curriculum/dual-language>) about the District's optional Spanish/English Dual Language program.

The Dual Language Program was designed several years ago to implement instruction across the curriculum that provides an opportunity for students to develop a deep academic proficiency in two languages. In the district's Dual Language program, 50 percent of the academic day curriculum is delivered in Spanish and 50 percent of the academic day is delivered in English.

Parents interested in enrolling their entering kindergarten student(s) in the Dual Language Program are asked to fill out the Lottery Form at <https://forms.gle/L9oLoHVU2EB6dost5> by 3 p.m. April 15.
